Russell L. Crane
Volkswagen Environmental Mitigation Trust
c/o Wilmington Trust, N.A. as Trustee
1100 North Market Street
Attn: Capital Markets & Agency Services
Wilmington, DE 19890

Dear Russell Crane,

The Missouri Department of Natural Resources has enclosed the information necessary to complete the semi-annual reporting requirement found in paragraph 5.3 of the Volkswagen Environmental Mitigation Trust Agreement for State Beneficiaries. The department has collected the data relevant to reporting requirements for the six-month period of July 1, 2021, to December 31, 2021.

Thank you for attention to this matter. If you have any questions regarding this submission, please contact Shelly Reimer, with the department's Air Pollution Control Program at P.O. Box 176, Jefferson City, MO 65102 or by phone at (573) 526-1836 or email at shelly.reimer@dnr.mo.gov.

Sincerely,

AIR POLLUTION CONTROL PROGRAM

Stephen M. Hall
Director

Enclosure

Environmental Mitigation Trust Agreement for State Beneficiaries:
Semi-Annual Report

Reporting Period:
July 1, 2021 through December 31, 2021

Submitted on January 31, 2022
Missouri Department of Natural Resources

Category 1: School Buses: EMA 2

The Department opened the Category 1 application period from July 12, 2021, thru October 12, 2021, and selected projects by lottery. The Department awarded 88 projects totaling \$4,009,432. The Department disburses the awarded amounts only upon completion of each project. All awarded projects are in progress. A project is complete when the new bus is delivered, the old bus is disabled, and proof of payment is verified.

Category 2: Government Owned Medium and Large Trucks: EMA 6, EMA 1

The Department opened the Category 2 application period from July 12, 2021, thru October 12, 2021, and selected the highest scoring projects for funding. The Department used a ranking system based on NO_x reduction, cost-effectiveness, and area of operation. The Department awarded 29 projects totaling \$2,314,454. All awarded projects are in progress. The Department disburses the awarded amounts only upon completion of each project. A project is complete when the new truck is delivered, the old truck is disabled, and proof of payment is verified.

Category 3: Transit and Shuttle Buses: EMA 2

The Department opened the Category 3 application period from July 12, 2021, thru October 12, 2021, and selected the highest scoring projects for funding using a ranking system based on NO_x reduction, cost-effectiveness, and area of operation. The Department did not receive any applications in this category during the application period.

Category 4: Nongovernment Owned Medium and Large Trucks: EMA 6, EMA 1

The Department opened the Category 4 application period from July 12, 2021, thru October 12, 2021, and selected the highest scoring projects for funding using a ranking system based on NO_x reduction, cost-effectiveness, and area of operation. The Department awarded 61 projects totaling \$1,747,108. All awarded projects are in progress. The Department disburses the awarded amounts only upon completion of each project. A project is complete when the new truck is delivered, the old truck is disabled, and proof of payment is verified.

Category 5: Locomotive and Marine: EMA 3, EMA 4

The Department opened the Category 5 application period from July 12, 2021, thru October 12, 2021, and selected the highest scoring projects for funding using a ranking system based on NO_x reduction, cost-effectiveness, and area of operation. This category includes EMA 3 for switch locomotives and EMA 4 for marine engine repowers; however, the air program did not receive any applications for projects falling under EMA 3. The Department awarded one EMA 4 project totaling \$470,000. The project is in progress and thus, no payments disbursed. A project is complete when the new engines are installed, old engines are disabled, and proof of payment is verified.

Category 6: Airport and Cargo Handling Equipment: EMA 7, EMA 8

The Department opened the Category 6 application period from July 12, 2021, thru October 12, 2021, and selected the highest scoring projects for funding using a ranking system based on NO_x reduction, cost-effectiveness, and area of operation. This category includes EMA 7 for airport ground support equipment and EMA 8 for forklifts and port cargo handling equipment; however, the air program did not receive any applications for projects falling under EMA 7. The Department awarded 13 EMA 7 projects totaling \$280,400. All awarded projects are in progress. A project is complete when the new equipment is delivered, the old equipment is disabled, and proof of payment is verified.

Category 7: DERA Option: EMA 10

The Department opened Category 7's application period from July 12, 2021 thru October 12, 2021, and selected projects by lottery. The Department awarded 38 projects totaling \$855,000. All awarded projects are in progress. The Department disburses the awarded amounts only upon completion of each project. A project is complete when the new vehicle is delivered, the old vehicle is disabled, and proof of payment is verified.

Category 8: EV Charging Station: EMA 9

The Department accepted applications from July 12, 2021, thru October 12, 2021. This funding period is for the installation of direct current fast chargers (DCFC) at specific locations to work toward the stakeholder goal of creating a minimum practical highway-charging network. On December 14, 2021, the Department awarded four projects totaling \$1,200,960. The Department disburses the awarded amounts only upon completion of each project. A project is complete when the charging station is installed, available for public use, and proof of payment verified.
